## Material Fact

*Pecém Energia S.A. (45%) and Energética Camaçari Muricy II S.A. (50%):  
Opportunity Disclosure.*

Rio de Janeiro, July 2<sup>nd</sup>, 2018.

**Petrobras Distribuidora S.A. (B3: BRDT3)** informs that it has started the opportunity disclosure stage related to the sale of all its equity interests in Pecém Energia S.A. (45%) and Energética Camaçari Muricy II S.A. (50%), hereinafter referred to “Thermoelectric Plants”.

The Thermoelectric Plants have the objective of implementing and exploration of a thermoelectric power plant in the National Interconnected System, with an installed capacity of 143,080 kW each. Located in the northeastern of the country, in the municipality of Dias D’Ávila, State of Bahia, they are in a pre-operational stage and about to sign the respective Electricity Commercialization Contracts in Regulated Environment (CCEAR) with the National Electric Energy Agency (ANEEL). The start-up period for the commercial operation of energy supply is October 6, 2020.

The offers will be made for all the participations. The Thermoelectric Plants partners have a preference right.

The Teaser containing key information about the opportunities, as well as the objective criteria for the selection of prospective purchasers, is available on the Company’s Investor Relations website (<https://ri.br.com.br/>).

Besides the Teaser, the main subsequent phases of each divestment project of the Company will be disclosed, as detailed below:

- Start of the non-binding phase (if applicable);
- Start of the binding phase;
- Granting of exclusive negotiation (if applicable);
- Transaction approval by Senior Management (Executive Board and Board of Directors) and signature of contracts;
- Closing.

The present disclosure to the market is in line with the procedures for asset and companies divestments of the Petrobras System.
